

MARSTECH SMR SYSTEM

- Model NO.: M110-20A
- Starting Mode: Soft Switch Technology
- Power Supplying System: Rectifier Module, Distribution, Monitor, LVD
- Output Current: 20A
- AC-DC Rectifier System: Supply DC Power for DC Load and Charging for Battery
- Mount: 19inch 2u Rack Mount
- Input: Single Phase 220V
- Output Type: Single
- Output Power: 2200W
- Connection Mode: Parallel Switching Power Supply
- Voltage Regulating Mode: AC Input Voltage Range 85V-290V
- Energy Transmission: Single Phase 220VAC Input
- Output Voltage: 110VDC
- Application for: for Telecom Equipment, Battery Charging
- Efficiency: 96%
- Power Factor: 0.9

Standards

Low voltage assemblies	IEC 439
Semiconductor convertors	IEC 146
Power transformers	IEC 76
Degree of protection	IEC 529
Safety	IEC EN 50178
